Ashbourne College is one of the best private sixth form colleges, situated in the heart of Kensington, Central London. Our students consistently achieve excellent exam results; more than half of our graduates gained place to study at Russell Group universities each year, including Cambridge, Imperial, LSE & UCL. Ashbourne embraces a friendly, informal and 'grown-up' approach to education, yet is more demanding and disciplined than most other schools. By establishing strong academic foundations and monitoring each student's performance carefully, we aim to engender a mature and independent attitude vital for taking advantage of life's opportunities. Our students work hard but have fun.

ADMISSIONS PROCESS

Ashbourne is an academically demanding private college in London that selects students after interview and academic assessments. However, the process is friendly, informal and focuses on providing each applicant with the best available advice on all options at A level, without obligation. All prospective students are either interviewed by the Principal or a senior member of staff.

TUITION FEES

Our yearly fees is around £31,000 for 3 to 4 A level subjects (includes tuition for all subjects, exam fees, registration fee, a refundable book deposit and a weekly 2 hour personal tutor session). We offer partial scholarships of 10% - 50% dependent on the students' previous results (students are expected to achieve A*/A grades), school reports, tests and interview. The tuition fees would still be at least £16,000 per annum after.

ACCOMMODATION OPTIONS

While Ashbourne is not a boarding school, we provide a selection of accommodation options to any of our students. We have a choice of both student residences and host families. For the past 25 years, our students have been staying at the following accommodation and they always have positive feedback. Each student need to budget at least £13,000 for accommodation and living expenses in London.

Ex- Asher from Nigeria, who went ahead to achieve a first class degree at Cambridge, had this to say about her time at Ashbourne: "I found the Personal Tutor system at Ashbourne extremely helpful, as through the support of my tutors, I was able to make a strong application to universities of my choice, eventually choosing Cambridge University to study architecture. The subjects I offered were Art, History of Art, Maths and Physics; a mixture of Arts and Sciences and the closed setting of the college made it in such a way that my learning was a continuous process rather than a staggered one. The intimate atmosphere and system of learning at Ashbourne prevents students from feeling and makes them engaged in the dynamic of teaching and learning.
