

Scholarship Renewal / Application Form for Academic Year 2020/21

In general, Ashbourne will commit to a student's scholarship for the duration of their course at Ashbourne. However, if students fail to consistently follow the five core rules of Ashbourne then scholarships are likely to be rescinded.

Once awarded, Ashbourne will not rescind scholarships as a result of underperformance as long as the following criteria are met:

- o Half-term reports indicate a positive attitude to learn.
- o The student is constantly looking for ways to improve their academic performance.
- o Work is consistently handed in on time and to the best of the students' ability.

Please answer the following questions:

1. How have you added to the overall positive environment of Ashbourne? Please provide examples.
2. Have you had any behavioural issues this year? If so, please explain these incidents and what measures you have taken to ensure that they will not re-occur.
3. How would you rate your performance in the following categories?
Please put an 'X' in the relevant boxes below:

	Unacceptable	Poor	Satisfactory	Good	Outstanding
Attendance					
Punctuality					
Commitment to studies inside the classroom					
Commitment to studies outside of the classroom					
Quality of homework/coursework/ assignments submitted					
Handing in homework/ coursework/assignments on time					
Commitment and adherence to the Ashbourne's Attendance and Behaviour policies, with particular reference to the 6 key rules.					

Students may be eligible to increase their scholarship from one year to the next (with exception to Bands 4 and 5), by moving up one band. Current students without a scholarship will be given the opportunity to apply for a Band 1 scholarship. Students wishing to apply will need to do so in writing by 31st August prior to beginning their next year of study.

To be considered, year 12 to year 13 students should have received 90%+ in each of their year 12 modules. GCSE to year 12 students must have secured at least five 9s for their GCSE results.

If you intend to apply for an increase in scholarship or have yet to receive a scholarship and would like to apply, please answer question 4 below.

4. Please explain in detail why you think your application merits a scholarship / increase in scholarship? (You should write at least 500 words)
